Some Insurance Companies provide their members with benefits when you become the insured on one of their products. Once you have become a member you are eligible to take advantage of these benefits at no additional costs/fees.

Each company has their own twist on their benefits that they provide. Such as the amount, who is eligible, how many benefits offered, etc. They each offer unique member benefits plus opportunities for you to support the communities and causes you care about.

Benefits provided may include such offers as: Scholarships; Orphan scholarships; Orphan Benefits; Wills/Power of Attorney Benefits; Mission Trip Benefits; Community Grant Benefit; Terminal Illness Loan Benefit; Life Long Learning Benefit (online learning).

Most products available from these Insurance Companies with member benefits are your Term and Permanent Life Insurance products.

Again, the benefits mentioned here vary for each company and should be discussed in full detail when deciding on a product and insurance coverage to go with.

All products and companies selected should be based on a full needs analysis and what fits into your budget. What may be a good fit for one does not mean it's a good fit for you. It's not a one size fits all!

Let's talk today about how I can help protect you, your family and your business.

Come follow me on Instagram, Facebook &/or Twitter for tips, tricks, & information!

Darlene
